GENERAL ROPING RULES

DRESSCODE: FULL WESTERN ATTIRE, long sleeved shirt OR short sleeved shirt with collar. (no sleeveless shirts), western hat and western boots required. Failure to be in dress code will result in DQ.

Barrier

A rope barrier and electric eye will be used. All score lengths will be subject to BRWF roping committee's approval. Two Timekeepers, a Field Judge, a Barrier Judge, and Spotter will be in the arena at all times. It is the roper's responsibility to make sure the flagger is in place and flag is up before nodding for calf.

Contestants should check in at the trade show welcome booth upon arrival to pick up their welcome bag AND COMPLETE A W9 FORM.

Draw order will be posted on sgpevents.net and stall assignments will be posted on

Full western dress is required by contestants to be inside the arena. Long sleeved shirt, western hat, and western boots.

Bell Collar Catch only. Bell collar catch is defined as any loop passing over the calf's head and slack is drawn around neck only. No other appendages of calf (i.e. front leg, tail, etc.) can be in loop when rope breaks from saddle horn. The rope must be drawn up around the neck with no extremities in the loop and in front of the tail head when string breaks. If any extremities are in the loop when the string breaks but then goes back around the neck of the calf it shall be a "no time".

Ropes must be tied to the saddle horn of contestant's saddle with nylon string at the VERY end of the rope. A cloth no shorter than six inches (6") must be tied to the end of the rope. String will be provided. Judge will check your rope to make sure it is tied on securely and properly as you check in at the holding area.

Only one (1) loop can be carried. A dropped loop counts as a contestant's thrown loop.

Rope must be released from the contestants hand to qualify for catch.

Contestant must pass thru barrier before loop is released. Contestant must be horseback when clock is stopped.

It is at the judges' discretion to give a rerun.

30 second time limit will be enforced. The arena out gate will remain open in the arena at all times. Time must be taken with calf in arena. If any part of calf has entered out gate, no time will be awarded. (should this rule be waived it will remain the same for the entire event).

Breaking the barrier will result in a 10 sec penalty. The Field Judge will flag the contestant when the rope breaks away from the saddle horn.

No time will incur if contestant breaks rope by hand or touches rope or string after catch is completed. Exception to above, is if rope dallies around the saddle horn. Contestant can ride forward to un-dally and then stop to allow rope to breakaway.

Contestant MUST BE in the designated waiting area (next to the BOX) when they are 2 away or they may be disqualified. Example: roper #1 is in the box, if you are roper #2 or #3 you MUST BE in the designated waiting area once that roper is in the box and check in with official. Failure to meet this deadline may result in disqualification. If roper does not meet waiting area check in deadlines, they may be given an automatic "no time". **Any horse that is unruly in the box and breaks the barrier once pulled more than 2x will be disqualified and forfeit their run. After 2x roper will be asked to leave the box and the calf will be turned out resulting in a "no time".**

Any rules not specifically covered in this document are at the discretion of the roping committee.

Stock Rules

*Calves will be a chute run and will NOT be numbered. Contestants must rope in drawn order. **Nobody but hired help is allowed in the calf SORTING area.** Anyone found manipulating the draw in any matter will be disqualified without refund AND banned from future events. A contestant may have their own pusher.
